SUPREME COURT DECISION.—Light vs. Blood [No. 624].—We think the pleadings in the case of Light vs. Blood, decided by the Supreme Court, are sufficient to sustain a judgment awarding damages to the plaintiff alone is sufficient, and the special findings are not inconsistent with it. The idea of the jury is not very artistically expressed in the special findings, but the intent was evidently to find that the dam was not only a present nuisance, but would continue to be a nuisance.

There was no error in giving the first and second instructions asked by the plaintiff. The Court did not thereby instruct the jury to find a verdict in favor of the plaintiff, as assumed by appellant's counsel, but only instructed them that the allegations of the complaint referred to in the instructions having been admitted by the answer, they should find those admitted facts in favor of the plaintiff. The allegations specified were not sufficiently denied to put them in issue, and the complaint being verified, they were, for the purposes of the action, admitted to be true. The allegations referred to in these instructions are compound, embracing several particulars, and are denied as a whole, in the very language of the entire allegations. This mode of denial has been so often held to be insufficient to raise a material issue that there ought to be no further occasion to repeat it. The instructions were correct.

There was no error in refusing the sixth and seventh instructions asked by defendant in the form presented.

There was no error in the admission of Harvey's evidence.

These are the only points relied on in the brief of appellant. We see no error in the record. The judgment must be affirmed, and it is so ordered.

SATURDAY, FEB. 3, 1886.

A BIRD.—We see that one of the judges
below has declared this word to be "action-
able," yet, it expresses so exactly our idea
of the late Mining Convention that we use
it. It was, we believe, originally intended
to secure some foothold by capital on the
mines; but the "light brigade" were routed
as soon as the Convention came to order.
We were not present, but, judging from the
personnel and published proceedings of the
Convention, it was not very apt to command
the respect of those who actually are min-
ers.

We believe the great majority of its mem-
bers knew as little of mining, practically, as
a "hog knows of algebra," and while Sar-
gent and Snyder and a few others are ear-
nestly interested in the mines, yet it is all
futile to play "Whoofer, of Alameda," and
Hog of Yolo, on this community as miners.
We observe many names among the dele-
gates, who if report does not belie them,
have been quite active in forwarding bul-
lions from this State to Virginia City, from
which large "dividends" have been manufac-
tured. This is a species of mining not in
accordance with the mountain idea of
mining, and is more apt to square with
"Montgomery street" tactics.

The Convention, however, passed some
very good resolutions; but we do not think
the originators of the move for them. We
think the move of the State Agricultural
Society to secure the power of the Miners'
Convention to further its schemes for an
Agricultural College was incorrect. Mining
is a science of itself, and has no more con-
nection with agriculture than steam has with
lightning. The Convention, however, served
a good purpose in allowing aspirants to
"air their eloquence," and worn-out politi-
cians to make a brief appearance.

The following article, which appeared in
our last week's paper, should have been
credited to the Oroville Union. Through an
oversight the credit, as well as the com-
ments following, were omitted:

ROAD BELOW THE SNOW LINE.—It is well
known that there exists a great natural
route across the Sierra Nevada mountains
from Oroville, and traversing the immensely
rich mineral and agricultural regions of
Plumas county, to connect with the old
Humboldt and Klamath road at some point in
 Lassen county. This route is afforded by
the great valley of the Feather river, and is
incomparably superior to the road from
Chico up the rocky and tortuous canyon of
Butte creek to the summit and down the al-
most impassable gorges and precipices wash-
ed in the snowy mountain fastnesses by
Butte creek on the east side. The great ad-
vantage of this road is a railroad, and it will
be entirely below the deep snow line, and
may be traveled at all seasons. The in-
creasing trade of Oroville in that direction
renders this a necessity, and it will be
opened at an early day. This is far super-
ior to any other route for a railroad, from
California to Idaho, or Oroville Union.

We are pleased to learn that at last the
Oroville people are getting their eyes open
on the subject of roads. For several years
past the citizens of Butte and Yuba coun-
ties have given the cold shoulder to the
Feather river route, and we had almost come
to the conclusion that they never would
"see it" in its proper light. No road could
be built which would be of greater benefit
to the two counties above named than a
road up one or the other of the forks of
Feather River. It has been our pet scheme
for years past, but Plumas cannot build the
road without some assistance.

The goal-headiness of the Chicoites on
the road question must have had some-
thing to do with changing the "tune" of
the Oroville people. "It's an ill wind that
blows nobody any good."

TRINITY COUNTY.—The entire indebted-
ness of this county on the 1st day of February,
1886, was:
General Fund.....\$66,710.30
Hospital Fund.....8,618.19

Total.....\$75,328.53

In the report of the Grand Jury of that
county, we find the following sensible
paragraph:

"In conclusion we would recommend
that the Board of Supervisors have their
proceedings printed in some paper pub-
lished in the county, as heretofore. It is neither
wise or just to keep the people in ignorance
of the action of a body possessing such
power as it does. Only acts of injustice are
hidden from the light; justice never slum-
bers."

All of which is respectfully submitted &c.

SCARCITY OF NEWSPAPER.—Within the
past few weeks, says the San Francisco Ex-
aminer, newspaper has gone up in price, a
thing in this city owing to a scarcity of the
article in the market. One German paper,
we learn, thinks of decreasing its size, fear-
ful that it may be compelled to suspend
publication entirely if it does not pay \$9
per year for paper now that cost him only
\$4 a short time ago. Several cargoes of pa-
per are on the way here round the Horn;
but they may not reach port for a long time,
or they may be wrecked. If any accident
should happen nearly all the newspapers in
the city and State will be compelled to sus-
pend publication. California can well sus-
tain another paper mill.

APPOINTED.—Gov. Low has appointed
Hon. Aaron A. Sargent, late aspirant for
Senatorial honors, a Notary Public for Ne-
vada county. "How are the mighty fal-
len!"

ROAD BONDS.

Since our article of last week, we have
received a letter from a prominent citizen of
Indian Valley, in which he takes issue with
us as to the ability of the county to pay in-
terest and principal on bonds for \$100,000
in twenty years, and as this is a matter
which is of vast interest to every tax payer
in the county, we propose to make our an-
swer to him publicly; and we think we can
show by figures that it is the next thing to
an impossibility to pay such an enormous
debt, with our present taxable property.

We do not wish it understood that we are
unfavorable to the building of a road down
either of the forks of Feather river, for we
are not. We desire, above all things, to see
Plumas prosperous, and we know her pros-
perity can only be effected through the
means of good roads, and we know further
that it is only a question of time when we
shall have, not only a good wagon road, but
also a railroad down one or the other of
them; our only objection is to the manner
in which some people blindly wish to in-
volve the county in a hopeless debt to assist
in building this road, and also to show that
we may reach nearly the same end in a much
more reasonable manner.

It is proposed to issue bonds (for the pay-
ment of which this county is to be responsi-
ble), in the sum of \$100,000, to bear interest
at the rate of ten per cent. per annum. Now
the interest on this sum would be \$10,000
per annum; or a sum nearly equal to the
average total expense of the county.

An examination of the records for the
three or four years last past will show that
this is not stating it too broadly. For the
year ending March 1st, 1884, the total
amount of warrants issued on the General
Fund was (in round numbers), \$12,000; for
the year ending March 1st, 1885, the amount
was \$11,000; and for the three quarters end-
ing Dec., 1885, the amount was \$8,000; or
about \$11,000 for the year; and this, too,
when our county tax alone is \$1.40 for each
\$100. Now to pay every year an additional
tax of \$10,000, to say nothing of the extra
amount which would have to be levied as a
Redemption Fund, for the bonds would, in
addition to the absolute tax necessary for
current expenses, bring our tax (for county
and road purposes alone), up to, at least,
\$2.75 for each \$100; and then add to this
the State tax of \$1.15 for each \$100; and
we should be saddled for fifty years with a
tax of, at least, \$4.00 for each \$100 worth
of property owned in the county. Of itself,
though, heavy as it would be, it could be
borne if it would build the road; but it
would hardly commence it,—for throw
these bonds into market, and they would
not bring over fifty or sixty cents on the
dollar; or hardly enough to do more than
survey the routes. We speak on this mat-
ter without having, however, any other
guide than rumor as to the cost of building,
for we have heard it variously estimated
from \$200,000 to \$500,000, and never as
low, even, as \$100,000.

Our county is now about out of debt, and
she can, within a year, strike off from the
tax roll the 30 cts. now levied for building
purposes and about 10 cts from the fund for
general county expenses; or a reduction of
40 cts. on each \$100 worth of taxable prop-
erty; but we do not believe the tax payers
are in favor of this, if it can be shown to
them that without any increase of the
tax as it now stands they can secure a good
outlet to the world within one year. This
can be done by building a road from this
valley to connect with the La Porte road,
near Onion Valley, and by completing the
road down Spanish creek to connect us with
Indian Valley. Estimates have been made
of the cost, and we believe it can be com-
pleted the ensuing summer, at a cost not to
exceed \$20,000; and if the Building Fund
shall be destroyed, or reduced to a mere
nominal sum, the 30 cts. which we have
heretofore paid for it alone will pay ten per
cent interest on that sum, and in ten years,
will pay off the principal of the bonds them-
selves,—and this, too, without any increase
of the tax as it now stands; may, rather,
with a slight reduction, for the Building
Fund is almost out of debt, and it would
thus only change this tax from a Building
to a Road Fund; and a slight reduction
would be the result from the decrease of the
General Fund, which we have paid, hereto-
fore, to get out of debt.

But much as we all desire it, it would be
sheer madness to pile a debt of \$100,000 on
our own backs, with no possible show for an
accomplishment of the grand purpose.

We may build the road favored by us in
our last, and in this article, and not feel it.
It can, and will, be kept open the year
round; for it passes through a thickly in-
habited portion of the county, and it can be
built within one year,—and thus open up an
avenue into the very heart of our county.
It will give us open communication with
Indian Valley, and will equally benefit them
by an outlet to the Sacramento Valley.

Let us take heed of the rock on which
Placer, Yuba, Butte and other counties have
split. Let their fate prove an admonition
to us; and if we make haste slowly we shall
be rich when they are poor.

SPITEFUL.—The Flag and the Appeal are
at outs. Hear them:

KEEP ON.—We hope the Flag will con-
tinue its abuse of this paper until the rep-
utation, lost by its praise, is fully restored.
—[Marysville Appeal.]

WNY, you poor little wastrel! The Flag
wouldn't abuse you for divers monies. It
had as lief take a club to its grandmother.
—[Flag.]

A GOOD MOVE.—Senator Stewart, of Ne-
vada, has introduced into the Senate a bill
providing for the formation of a Mining Bu-
reau, at the head of which is to be a Com-
missioner of Mining. The bill is drawn
upon the same plan as that providing for an
Agricultural Bureau, passed a few years
since.

LETTER FROM SACRAMENTO.

SAC. CITY, Jan. 20th, 1886.

DEAR UNION:—Why did not some "hon-
est miner," of Plumas, come down to at-
tend the Miners' Convention? It was a "free
thing,"—any one, who was actually engaged
in mining, had a right to "go in." And
then it was such a splendid opening for any
one, who has an itching for Congress, to
shoot off his mouth, and tell the miners how
much we have suffered by the dumb-heads
at Washington, and that we ought to have
some one there to pick that thieving bill of
Sherman's. But, then, perhaps you have no
aspirants, in Plumas, for Congress; or per-
haps they don't take that method of ped-
dling their wares. On, perhaps, they think
it would be as well to sell the mines in small
parcels to the miners, as it would to sell out
whole counties, as some of our "have-beens"
have done in the shape of "railroad patents."

And, *en passant*, before I describe the *min-
eral* Convention, I rise to a "question of privi-
lege," to ask, how it was that the memorial
of the Legislature, to have some little delay
before the patents, to the Pacific R.R., were
signed, was delayed so long? This court
finds the facts as follows: The petition
passed the Legislature, and was telegraphed
to Washington on the 27th of Dec., 1885.
The dispatch was directed to Senator Con-
ness and the rest of the delegation, and as
Conness' name was mentioned first, it was
left at his residence,—so the telegraph man
says. On the 6th of January, or nine days
after the petition reached the Capitol, the
patents were signed and delivered. On the
8th of January, or two days after the peti-
tion was signed, the petition came to light.
Is there any blame for such *laches*? If so,
on whom should the blame rest? "This is
a question for the jury." But to return to
our mission.

On the 17th inst., at about lunch time,
the aisles and pews of Bro. Briggs' Church
were crowded by a *lusty* lot of miners. On
the right, sat a cluster of *drifters*, one of
whom, with gold eye glass and broad cloth
coat, showed that his mining operations had
been successful. On the left, sat one promi-
nent *surface* miner, who prosecutes his labo-
rious undertaking, principally, in Judge
McKune's, or the Supreme Court; and so
on all over the building. It was delightful
to see the miners of California dressed so
nicely, and represented so ably.

A full of the voices takes place as A. J.
Snyder, President of the Mining Bureau at
San Francisco, calls the Convention to or-
der. "Everybody knows Snyder," and con-
sidering that the man does the most of his
labor supported by a cane with a gold head
on it, it is excusable that he should call this
"mineral Convention" to order; in fact, it
was a "good thing for Snyder." Snyder
"saw" Mr. Foulke, and Mr. Foulke, whose
principal "mining occupation," of late, has
been acting as Deputy Sheriff up in Siski-
you, Nevada, take the cheer, which the hono-
rable gentleman did, with cheers. I confess
that the President is entitled, fairly, to be called
a miner. He was Congressman before he
was aspirant for Senator; he was Legislator
before he went to Congress; and he was
District Attorney before he went to the Leg-
islature; and in all these capacities has
steadily kept in view the interest of his co-
laborers. Mr. Sargent pitched into John
Sherman, on account of his bill to sell the
mines, and confessed that he had learned
something in four years, whereas, the "min-
eral" Convention applauded; and then a
chap from the "scrap book" Senator's coun-
try, made a fling at Aaron, because the afore-
said Sargent (cleopatra Aaron) had failed in
his last mineral occupation, and had been
left out in the cold. And then the Con-
vention hissed the free spoken gentleman
from Dorado-jus, and the President treated
him just as he should,—in silent contempt.
A Committee of one from each county was
then appointed to prepare resolutions, ex-
pressive of the sense of the Convention.—
Among the names, I observe those notorious
old miners, the aforesaid "Snyder," "Hon-
est" John Bigler, Col. A. F. Williams, of
Yuba, and C. F. Reed, of Yolo.

They reported a set of resolutions, which
are, in the main, good, and which you
ought to publish for the benefit of your
readers. Then they passed a resolve that
the Legislature should pass a few plain,
wholesome laws, to give every honest min-
er a quartz claim, and appointed a Com-
mittee with power to "call the "minerals"
together again. This Convention was nota-
ble for its lack of *bona fide* miners.

M. E. GELSON, who was a clerk in the Ad-
jutant General's office, has been detected in
forging. His operations extend to some
\$4,000 or \$5,000. His fall is attributable to
the usual causes,—a woman, a horse, and a
tiger. He was a young man of good ability,
and has been able to keep a good foothold
around the Legislature, and the Supreme
Court. But he was too fast for these fast
times,—has done it, been caught, and is dis-
graced. I am sorry for him, as he was too
generous to have met such a fate.

But I have an appointment to meet, and
must close.

Yours,

DOUBLE BEE.

THE VIRGINIA LEGISLATURE ON BUTLER.

The following resolution was introduced
in the Virginia Legislature lately by Hirsch:

WHEREAS, it is currently reported and gen-
erally believed that the celebrated Huitribar-
General B. F. Butler is about to take
charge of this military Department, with
powers extraordinary; therefore

Resolved, That whatever money may re-
main in the State Treasury be immediately
divided among the widows and orphans of
the deceased soldiers, and couriers be dis-
patched to the various counties requesting
the people to secrete or bury their plate.

FOUR TO ONE.—The vote of the Wisconsin
soldiers in the field, on the question of ne-
gro suffrage in that State, is even more de-
cisive than the home vote. It is, For Negro
Suffrage, 263; Against it, 1,038.

LETTER FROM JUDGE HOGAN.

EDITOR QUINCY UNION.—DEAR SIR:—Per-
mit me through the columns of your in-
dependent newspaper, to make public the fol-
lowing

Open Letter.

QUINCY, PLUMAS CO., CAL.,
February 1st, 1886.

REV. O. C. WHEELER, GEN'L AGENT, &c.,
&c.—DEAR SIR:—Your very polite com-
munication, circular, notification, commis-
sion, or whatever you term it, informing the
undersigned that he has been elected one of
the Board of Officers of the "California
Branch of the American Freedman's Aid
and Union Commission," has this day (Feb.
1st) been duly received. Had it arrived ten
months sooner, or not till two months later,
on the first of the month, I would certainly
have regarded the whole affair as a grand
hoax, and paid no attention to it. The idea of
calling on me, here in the North, to furnish
money to support a lot of idle negroes, at
first blush, seems preposterous in the ex-
treme. We never heard of such a demand
before, and the whole thing seemed to be
the work of some humorist or mischief maker.

Nevertheless, this method of dispensing
charity may not appear as flattering to one's
vanity, as to see his name paraded in the
public newspapers, alongside of the names
of those distinguished gentlemen, who ap-
pear to be officers of the "California Branch,"
and amongst which are to be seen the names
of several aspirants for gubernatorial and
congressional honors. It is true, the negro
has, heretofore, for the last four years, been
the lever of Archimedes in official pursuit,
and if these gentlemen can use the Ameri-
can citizen of African descent for that pur-
pose, well and good. The undersigned has
no such aspirations.

No doubt, Reverend sir, some person, well
acquainted with the undersigned, has in-
formed you, and correctly too, that he is
a strong and unwavering friend of the
American citizen, (of the white or Caucasian
descent), and also of the Union, (as estab-
lished by its immortal, revolutionary found-
ers). As an earnest of this, Reverend sir,
he would call your attention to the fact,
that he has been a consistent Democrat, and
has, heretofore, for the last four years, been
the lever of Archimedes in official pursuit,
and if these gentlemen can use the Ameri-
can citizen of African descent for that pur-
pose, well and good. The undersigned has
no such aspirations.

I have the honor to subscribe myself, Re-
verend Sir, very respectfully,

Your ob't serv't,

E. THOMAS HOGAN.

TIME.—If the Legislature of this State intend
making any addition to, or reduction of, the
State tax for the year 1886, it is time, fully time,
they were doing so. The Supervisors of the dif-
ferent counties in the State are required by law,
to levy the State and County taxes at their meet-
ings in February: so there is but little time
to spare. The State tax should be reduced, at
least, 15 cts., which would leave it at one dollar
on each one hundred dollars' worth of taxable
property in the State,—a pretty good State tax,
even at that rate.

The Legislature, by putting off their action
in regard to taxes, creates confusion every year.
Two years since, quite an amount was lost to the
State, in this county, by the neglect to levy mil-
itary tax, of which the Board had no knowledge,
until quite a large amount of taxes was collected.
They should either pass no laws affecting the tax-
ation of property, after the 1st day of February,
or should extend the time for the Board of Su-
pervisors to levy it.

NEW MINES.—We learn from the driver of
the Sossanville stage that great excitement exists
at Sossanville in regard to new discoveries in
the Black Rock country. Ledges have been
found four feet wide, the ore of which is as rich
as the richest which ever came out of the Gould
& Curry. All Sossanville turned out en masse
for the gold and silver. The whole
country throbbed with excitement. One vast
bed of mineral, the wealth of which it will re-
quire years to develop.—[Chico Courier.]

THAT IS SO.—The Mariposa Gazette says:
"An anti-gambling bill has been introduced
into the Legislature. The present law
is good enough, and had best be left alone.
Neither gambling or whiskey selling can be
put down by law, as has been proved in
older States, and constantly tinkering of the
laws is useless."

PETITION.—In the report of the proceedings of
the Assembly, we find the following:
Mr. Goodwin presented a petition from citizens
of Indian township, Plumas county, asking for
such legislation as will enable them to send half-
breed Indian children to the public schools. Re-
ferred to the Committee on Education.

SENSIBLE CONCLUSION.—Some one remarks
that every man has a mission. I think I have
one. The only trouble for some time back has
been to ascertain what that mission is. It is now
clear to me.

Nature clearly intended me for a Professor in
South Ladies' College. I know of no other
position in life that I am so well calculated to fill.
—[The Inigo,] of the California.

A MORMON CRITIC.—Artemus Ward tells a
good story concerning the production of the
"Lucky Lyons" at Salt Lake City. Theater—
"An aged Mormon arose, and went out with his
twenty-four wives, angrily stating that he
wouldn't sit and see a play where a man made
such a cursed fuss over one woman."

A CONSPIRACY TO LIBERATE JEFF DAVIS has
been discovered at Fort Monroe. The vigilance
of the military authorities there has been increased,
and all persons who are known to have been in
the rebel service have been ordered to leave the
peninsula of Virginia.

NEXT WEEK.—"K's" letter from Sacramen-
to will appear next week.

EMPEROR NORTON, whose imperial throne
is in San Francisco, and whose satellites and
courtiers are bohemians, has issued a pro-
clamation pronouncing J. Davis a traitor,
and commanding his friends to come for-
ward within 90 days and show cause why
sentence of death should not be pronounced
against him.

REFERRING to the statement that Gen.
Baker choked Wirtz because his wife was
too long in kissing him, the Norwich Bul-
letin says, if everybody is to be choked for
dwelling on the process, there's going to be
much strangling done.

INCREASE OF CHILDREN.—The statistics
of the School Department show an increase
of over four thousand children in the State,
during the past year. This will make up
for the loss of population by emigration.

HAPPINESS OR MISERY.

THAT IS the QUESTION.

THE PROPRIETORS OF THE "PACIFIC MU-
SEUM OF ANATOMY AND SCIENCE,"
determined, regardless of expense, to issue FREE
(for the benefit of suffering humanity) four of the
most interesting and instructive LECTURES, on
M. RHEUMATISM and its disqualifications: Nervous De-
bility, Premature Decline of Manhood, Indigestion,
Weakness or Depression, Loss of Energy and Vital
Power, the great Social Evil, and those maladies
that result from youthful follies, excesses of mat-
urity, or ignorance of Physiology and Nature's
Laws.

These invaluable Lectures have been the means
of enlightening and saving thousands, and will be
forwarded FREE on receipt of Twenty-five Cents
in postage stamps, by addressing "Secretary Pa-
cific Museum of Anatomy and Science, at the En-
terprise Theatre, Montgomery Street, San Francisco."

Letters to be sent through Wells, Fargo &
Co. 20-17r

At least two thirds of the diseases
with which the human family are afflicted,
are brought on by the want of attention to
the condition of the blood. Whenever the
blood becomes impure, no matter from what
cause, the effects of such impurity are im-
mediately felt, either in one way or another;
and unless measures are at once taken to
remove such impurities, the whole system
becomes affected, and a long list of sickness
and sometimes death is the result. Dr. Sam-
uel Adams, a well-known Chemist of San
Francisco, has discovered certain herbs and
roots, mostly of California growth, which he
has combined with Sarsaparilla and Iodide of
Potash, and succeeded in producing a Medi-
cine that, while it is entirely harmless in ev-
ery particular, will in a short time completely
eradicate from the blood all impurities, of
whatever nature, and will restore the pa-
tient to perfect robust health. The prepa-
ration is called "Adams' Blood Purifier,"
and is for sale at wholesale and at retail.

LOCAL ITEMS.

BLOWN OFF.—During the recent storm, the roof of the new brick school house, at Taylorville, was blown off.

THANKS.—To Richmond, our good looking Deputy Sheriff, we are indebted for sundry favors shown this office during the past week.

TOO LATE.—The petition and communication, in regard to school matters in Indian Valley, received too late to receive any notice in this issue.

POSTMASTER.—Since the death of Capt. Moore, his son, W. H. Moore, has been acting as Postmaster at this place.

RUNNING.—Trucks & Waterworth's new steam quartz mill, at Indian Valley, commenced running a short time since.

DELEGATE.—Goodwin was the only name, from this county, which appears on the list of delegates to the late Miners' State Convention.

SUPERVISORS.—The Board of Supervisors will hold their next regular meeting on Monday next, Feb. 5th.

ADMITTED.—During the last session of our County Court, Hon. A. P. Moore was admitted as an attorney, to practice before said Court.

STRUCK IN.—We learn that Howell has struck a chimney of very rich quartz in the old Ellis ledge, at Round Valley.

FROZEN.—On Sunday night last, a Chinaman was frozen to death, on the trail between Round Valley and Rush Creek. His body was found on Monday morning.

CLOSED.—The Saloon, in our town, has been closed during the past week: whether for repairs, or on account of the dull times, we are not informed.

WATER.—During the past two weeks, the miners in several of the mining localities of the county, have had plenty of water for hydraulic purposes.

DULL.—It must be very dull all over the county, else some of our correspondents would have favored us with letters during the past two weeks.

CHANGE OF VENUE.—On Thursday last, one of the Justices of the Peace for Indian township, was up for trial before the other Justice of the same township, on a charge of assault and battery.

MAIL.—About 175 pounds of mail matter arrived at this office on Monday last. For once the contractor on the route is entitled to a little credit, which we cheerfully accord him.

RECEIVED.—Through the kindness, but paid for assistance of a "daring brave" of the tribe of "Lo, the poor Indian," we are once more enabled to publish the Union on a full sheet.

SOLD OUT.—Mr. R. E. Garland is no longer connected with the Oroville and Quincy stage line, having, on Wednesday last, sold his interest therein to other parties.

PURCHASED.—W. A. Bolinger Esq. has purchased the interest of J. A. Blood in the Crescent Quartz Co., of Indian Valley. Mr. Blood owned 100 shares. Price paid, unknown to us.

SALES.—Several interests in the Wing, or first extension of the Premium, ledge, at Indian Valley, have changed ownership during the past few weeks. It is considered to be a very valuable mine.

DOING WELL.—The Bullfrog quartz mill, near Rush Creek, has been paying well for the past two months. The Company is now nearly out of debt. The ledge is paying well, and "all hands" are happy.

FRANCHISE.—Messrs. Miller, Wood, and others, have, by a recent act of the Legislature, been authorized to construct a toll road through the northern portion of this county. We are not advised as to the particular locality of the road.

STARTED.—The new smelting furnace, at Genesee Valley, were fired up, for the first time, on the day this week. A quantity of copper ore was smelted, and the furnace worked to a charm. The Company think they have "got the thing gauged," and we hope they have.

SAD ACCIDENT.—On Thursday last, one of Mr. Day's children, a little girl about two years of age, while playing with a steel or wire spring, let it slip, and one end of the wire struck the ball of one of her eyes, cutting it so badly that it is feared the eye sight will be destroyed.

PAY UP.—The \$1,000 that Lassen county was to pay Plumas on the 1st day of January, 1886, has not, as yet, been received by the Treasurer of this county. We hope Lassen intends to settle fairly with Plumas—"cash, you know, you wanted to go, and, we wanted to have you go—if you wanted to."

HAND WRITING.—The signature of one of the Justices of the Peace, in this county, looks more like the print of a chicken's foot, than anything else we can think of. It is a woe-be-gone looking scrawl for signature.

GOOD TIME.—During the past week, the contractor on the Oroville route, must have been "humming" himself, for on Monday a large mail arrived here, and again on the Wednesday following, and some of the papers were only four days from Sacramento. That's pretty good time for this season of the year. We hope that the contractor will continue in his well doing.

GUSSE NOT.—From the Appeal, we learn that a colored girl, named George Washington, was arrested in Marysville some time since, on some criminal charge. On his examination he informed the officer that he had been living in American Valley. Guess the gentleman must have been mistaken about his place of residence,—he is not remembered by "our oldest inhabitants." Must be some mistake about it.

APPOINTMENT.—We are indebted to A. S. Titus, Esq., County Superintendent of Public Instruction, for the following statement of the apportionment of school moneys in this county:

Quincy School Dist., State Fund, \$ 98 68
County " " " 101 68

Pioneer " " " 61 15

APPOINTED.—Hon. E. T. Hogan has received the appointment as one of the Vice Presidents of the "Freedmen's Aid Society," and is authorized to receive contributions for the same. Any person, wishing to help the "darkies," can forward their mites to the Judge. "And his soul goes marching on!" **LATER.**—Since the above was written, the Judge has handed us a letter for publication, (see elsewhere) in which he declines the appointment.

CHANGE.—Judge Hogan has taken the rooms allotted to the County Judge, in the Court House, directly over the Clerk's office. Mr. Gear has removed his office to the County Treasurer's office. A. P. Moore occupies the office of Mr. Goodwin during his (Goodwin's) absence.

CREDIT.—For fear the Appeal will charge us, not only with "stealing," but (what would be worse), "endorsing" its comments on the following paragraph from the Herald, which was published in our last week's paper, we will state that, through a mistake in taking "copy" from the book the proper credit, as well as our comments on the Appeal's remarks, was not published. It should have appeared thus:

A POPULAR MOVEMENT FOR CONGRESS.—Take a recess for nine months, and thus give the President an opportunity to complete his work of restoration. [New York Herald.]

We don't see it in that light. We think the President does not want the responsibility; in fact, we believe he would be perfectly willing to assume all such responsibility; and if the whole work of reconstruction were left to him, it would be the greatest blessing that could happen to the country at the present time. The Appeal is probably afraid the President may assume the responsibility, and that's what's the matter."

SONOMA COUNTY.—The question of slicing off a portion of Sonoma county and adding the same to Marin—the design being to make Pluma the county seat of the latter—is being agitated in that region.

In speaking of the "Freedmen's Aid Society," the Call says that "if the freedmen cannot earn their own living in a condition of freedom, they had better be restored to slavery, where they can be provided for."

DECISION.—The findings of the Supreme Court, in the case of Light vs. Blood, which was appealed from the County Court of this county, is published on the first page.

SOMEBODY describing the absurd appearance of a man dancing the polka, says, "He looks as though he had a hole in his pocket, and was trying to shake a shilling down the leg of his trousers."

A COLORED BELLE, called the "Venus of Cairo," is about to appear in Paris in tragedy. She is said to be the daughter of a rich merchant, and her turnout in the Bois, with the Mammoth page, attracts no little attention.

The Callsays the figures show that the people of California pay about \$12,000,000 annually—equal to \$26 for each man, woman and child, black and white.

PARDONED.—President Johnson has pardoned W. L. Black, one of the "Salvador pirates," and he is to be released from imprisonment at San Quentin immediately.

WHAT ARE YOU WRITING SUCH A BIG HAND FOR, PAT? "Why, you see that my grand-mother is deaf, and I'm writing a loud letter to her."

PASSED.—A bill authorizing the Board of Supervisors of Lassen county to levy taxes for county purposes has passed the Legislature.

The postal money order system will go into operation in California on the fifth of February next.

TO PRINTERS.—The Pajaro Times, published at Watsonville, Santa Cruz county, is for sale.

NEW VOL.—The S. F. Chronicle has entered upon the second year of its existence. May it ever prosper.

STATE FUNDS.—The balance in the State Treasury at the commencement of business January 15, was \$1,577,180 24.

DANIEL WEBSTER used to say that the word "would," in Rufus Chote's handwriting, resembled a small gridiron struck by lightning.

PUB. DOCS.—Thanks to our Representative, Hon. John Bidwell, for copies of valuable Reports and other public documents.

FAVORS.—To the Hon. Wm. M. Stewart, U. S. Senator from Nevada, we are indebted for public documents.

DECK GWIN, who was arrested some time ago on his return from Mexico to the United States, is confined in Fort Jackson, below the city of New Orleans.

SAY, the lovely Julia to the bewitching Fanny, "Why is a new born baby like a cow's tail?" "Give it up." "Because it was never seen before." Fanny plained.

ORIGIN OF A PIG.—Tom—"I wish I had all the pasturage in the world." Bob—"I wish I had all the cattle in the world."

Tom—"What would you do with them?" Bob—"I'd turn them in to your pasture."

Tom—"No, you wouldn't." Bob—"Yes, I would."

Summons.

State of California.

County of Plumas.

In the District Court of the Second Judicial District, of the State of California.

David Taylor, Plff., vs. Wm. M. Cannon, Def't.

Action brought in the District Court of the 2nd Judicial District of the State of California, in and for the County of Plumas, and the complaint filed in said County of Plumas, in the office of the Clerk of said District Court.

The People of the State of California send Greeting to Wm. M. Cannon, Defendant.

YOU ARE HEREBY REQUIRED TO APPEAR

in an action brought against you by the above named Plaintiff in the District Court of the 2nd Judicial District of the State of California, in and for the County of Plumas, and to answer the complaint filed therein, (a copy of which accompanies this summons), within ten days, (exclusive of the day of service), after the service on you of this summons, served within this county; or, if served out of this county, then within forty days—after judgment by default will be taken against you according to the prayer of said Complaint.

The said action is brought to recover judgment against you for the sum of Six Hundred Dollars in U. S. Gold Coin, with interest on said sum, at the rate of 21 per cent. per month, from June 3, 1885, interest also payable in gold, coin, and for costs herein expended. Said sum is alleged to be due from you to this Plaintiff, on one certain promissory note, dated at Indian Valley, June 3, 1885, for the sum of \$500 00 in U. S. Gold Coin, with interest at 21 per cent. per month, said note made payable to David Taylor, or order, and due five months after date, and signed by you, the said Defendant, Wm. M. Cannon.

And you are hereby notified that if you fail to appear and answer said Complaint as above required, the Plaintiff will take default and judgment by default against you for the sum of \$500 00 in U. S. Gold Coin, with interest on said sum at the rate of 21 per cent. per month, and for costs herein expended.

Given under my hand and the Seal of the District Court of the Second Judicial District of the State of California, in and for the County of Plumas, this 24th day of November, in the year of our Lord One Thousand, Eight Hundred and Sixty five.

A "FISTIO" ELEGIAC.

"Clipper" poet bemoans the death of Tom Sayers after the popular style of fiction literature. How grim Death knocked the pugilist out of time is rather forcibly expressed by the poet. We give a sample as a curiosity:

Tom Sayers' Last Fight.
You met your conqueror in the ring,
Tom Sayers;
It was't Heenan, Moore or King,
Tom Sayers;
His colors were not green or blue,
Tom Sayers;
His face was of an ashen hue,
Tom Sayers;
He said: "I've come to fight with you,
Tom Sayers;
I'll show you how to win your own skin,
Tom Sayers;
He won the toss and chose the comb,
Tom Sayers;
He brought his friends a quiet crowd,
Tom Sayers;
Who never spoke one word aloud—
Tom Sayers;
Then doffed his dress—it was a shroud,
Tom Sayers;
He won a thousand fights before,
Tom Sayers;
And from the misty, shadowy shore,
Tom Sayers;
His shadowy ghostly, gaunt and grim,
Tom Sayers;
Looked thro' the ether, vast and dim,
Tom Sayers;
And wagged two to one on him,
Tom Sayers;
There was no champion's belt at stake,
Tom Sayers;
There were no rules—'twas life or take,
Tom Sayers;
No motto: "May the best man win";
Tom Sayers;
Noble crowd—no shouts—no din;
Tom Sayers;
He simply said, "Come in, come in,
Tom Sayers;
He shook at you his "bunch of five,"
Tom Sayers;
They were as sharp as knives,
Tom Sayers;
And when he struck he made you snore,
Tom Sayers;
And when you fell 'twas on that shore,
Tom Sayers;
Where "time," I've heard, is called no more,
Tom Sayers;
We found you lying on your bed,
Tom Sayers;
There were no wounds about your head,
Tom Sayers;
But you were lost in slumber deep,
Tom Sayers;
Then ever yet was known to sleep,
Tom Sayers;
For he was Death who "closed your peepers,"
Tom Sayers;

GR. You BURE.—The Mariposa Free Press says: Some person has sent us a pamphlet labeled "Document No. 1," issued by the American Freedmen's Aid Commission, of which O. C. Wheeler appears to be grand commander, for the Pacific coast. The institution is one of the last litter of pupa conceived by that same old Abolition slugs. May the Devil foreclose his mortgage on the entire breed of 'em. These half clerical, sniveling, mock philanthropists have cursed our country worse than the seven plagues of Egypt, and, after desolating the land, immolating half a million of human beings, and leaving a legacy of debt that will not be wiped out, till the crack of doom, would sponge the last red cent from a deluded people in order that they may travel as gentlemen of leisure or live a life of indolence. A slip accompanies the document inviting members of the press to give it a judicious circulation and secure its publication in the religious and secular journals of their neighborhood. Ours is a "religious journal," and we say damn you and your kind!

A YANKEE ANECDOTE.—Andy Cummings, who used to live near Framingham, Ct., was a cude "down-east"—a real live Yankee—always ready for a joke, and a hard-boiled fellow. One day he was in a "down south" where several gentlemen were assembled, when one of them said:
"Yankee Cummings, if you go out and stick your knife into anything, what you can do back, I'll tell you what is sticking in."
"Ye can't do no such thing!" responded Cummings.
"I'll bet ten dollars of it," answered the Southerner.
"Wal, I rather guess I'll take that bet!" Here, captain (turning to the landlord), hold! I'll bet I'll just make half a saw-horse in less than no time!"
The parties deposited an X apiece, and Cummings went on his mission, but in a short time returned, saying:
"Wal, neighbor, what is sticking in?"
"In the handle," replied the Southerner, holding out his hand for the stake.
"Guess not; I'll wait a minute," said the Yankee, and he took the handle of the knife and stuck it in the blade. "I'll make the blade can't be in the handle, when it's driven clean up in an old stump side of the road out there!"
Cummings, of course, won the wager, and the Southerner slept to parts unknown, amid roars of laughter.

REMEMBRANCE OF THE REVOLUTION.—Sally St. Clair was a beautiful, dark-eyed Creole girl. The whole treasure of her life was freely poured out for a Sergeant Jagger, who, on one occasion, had the good fortune to save her life. The prospect of their separation almost maddened her. To sever her long, jetty tresses from her equally formed head, to dress in plain attire, and to follow him to a distant land, was a task to which she was a resolution no sooner conceived than executed. In the camp she attracted no particular attention, except on the night before the battle, when she was noticed by a young soldier, who, like a good and gentle spirit, as if listening to his dreams. The camp was surprised, and a fierce conflict ensued. The lovers were side by side in the fight, and Sally, in endeavoring to turn away a lance, aimed at the enemy's foot, the poor girl received it in the arm, and fell bleeding at his feet. After the battle, her name and sex were discovered, and there was not a dry eye in the corps when Sally St. Clair was laid in her grave. In a little green, shady nook, that looked as if it had been stolen out of Paradise, not far from the river, she lay.

A CAPTAIN in one of the Minnesota regiments was somewhat addicted to the use of whisky as a beverage, and received a rebuke from the chaplain on the immorality of his habits. "Now, chaplain," said the glib captain, "I've searched the scriptures through and through, from river to river, and I find that only one man ever called for water, and he was in hell!" The chaplain smiled.

One day the philosopher Blas found himself in the same vessel with a crowd of sorry roundels. A lamp came on, and instantly the whole band began to invoke the success of the gods. "Be quiet, you scoundrels," said the sage: "If the gods perceive that you are here, we are gone."
